

GATE ENTRY DEVICE AGREEMENT
Salishan Leaseholders, Inc.

This form is to be completed when the SLI office issues a gate entry device to a Leaseholder or registered Sub-lessee. For temporary or short-term use, it may be more convenient to ask the SLI office to issue a gate access code.

Requestors are responsible for the device user's observance of the rules and regulations of Salishan, including all pertinent provisions of the Uniform Lease. Violations may result in the device being deleted from the security system. Any fines or charges for damages to SLI property will be the responsibility of the Requestor. If the authorizing Leaseholder revokes permission to enter, the device shall be returned to SLI immediately.
